CLAREMONT "BONNIE LASSIE"

Pink flowers are always in large demand and we have now a strain which is admirably suited for this requirement. "Bonnie Lassie" comprises mostly rose-pink shades, going on to light pink. For indoor decoration, it is superb, the flowers will last for a considerable time.

Per Dozen, 2/-; Per 100, 14/-.

CLAREMONT "GOLDEN GLORY"

"Golden Glory" is a strain comprised mostly of bright yellow shades with an intermingling of flaked varieties. The demand for this attractive strain has increased rapidly since its introduction several years ago. This popularity is due to the vigorous habit of growth and large size of the blooms which are fully exhibition size.

Per Dozen, 2/-; Per 100, 14/-.

CLAREMONT "HUNTSMAN"

A brilliant mixture of mostly bright red shades. We have greatly reselected this variety and are more than satisfied that it will meet with a large demand from flower lovers. The robust plants yield a profusion of first class blooms for a considerable time, making a brilliant garden display. An excellent cut flower rivalling many other flowers for indoor purposes.

Per Dozen, 2/-; Per 100, 14/-.

CLAREMONT "SUNSET"

The rich colorings range from terra-cotta, brick-red, apricot, down to soft fawns of a distinct autumn tone. This strain will last far longer in bloom than other varieties as it is not so easily affected by the adverse weather conditions. Robust in growth, producing large flowers borne on long stems make it a decided acquisition for decorative purposes.

Per Dozen, 2/-; Per 100, 14/-.

All of above, 126/- per 1000.

Our "Claremont" Super Strains of Ranunculus have been granted

THE AWARD OF MERIT

OF THE

Nurserymen and Seedmen's Association of Victoria

"Claremont" Super Hybrids No. 9

Comparative tests which we have conducted during the past few years have shown the "Claremont" Hybrids to be very definitely **The Finest Strain Ever Introduced**. No other plants in commerce can produce such a riot of color as this remarkable "Claremont" Ranunculus. It is **Indispensable for Exhibition** and is undoubtedly the largest flowered variety in cultivation, huge flowers four to five inches across being produced in such profusion that the plants are literally hidden. The color range, which is the most varied we have yet offered, embraces pure whites, pinks and yellows in all shades, brilliant scarlets, vivid apricots, and a full range of all shades incidental to these colors. Notwithstanding immense size, the flowers are in no way coarse and the general quality is superb. Exceptionally heavy crops of flowers are obtained, and for either exhibition purposes or garden decoration **The Strain Stands Without a Peer**.

Per Dozen, 2/-; Per Hundred, 14/-; Per Thousand, 126/-

ST. BRIGID "AMETHYST BEAUTY" introduces a valuable addition to our already world famous collection of "Claremont" Anemones. The color is a distinct shade of rich lavender rose. The exquisite blooms are full and of perfect form, being held erect above the foliage on strong, clean stems.

Per Dozen, 1/6; Per 100, 10/6; Per 1000, 94/6.

ST. BRIGID "BLUE ADMIRAL" An ideal Anemone for market growers. Long, strong stems of exceptional substance bear erect the large flowers of strong, bright blue color. The free flowering propensities and robust nature of the plant are its special features.

Per Dozen, 1/6; Per 100, 10/6; Per 1000, 94/6.

ST. BRIGID "CLAREMONT BEACON" Very robust and extremely hardy, bears enormous flowers of a very brilliant scarlet color over a long flowering period. The flowers are produced on long, stiff stems making it admirably adapted for cut flower purposes.

Per Dozen, 1/6; Per 100, 10/6; Per 1000, 94/6.

ST. BRIGID "CLAREMONT" HYBRIDS MIXED Every shade of the family is included in this wonderful strain of improved St. Brigid Anemone, ranging from pure white through rose-pink, mauve, blue, violet, and on to vivid scarlet and deep maroon. "Claremont" Anemones are famous for their productiveness and long flowering qualities, and are carefully reselected to only the best colors and long-stemmed true St. Brigid type flowers.

Per Dozen, 1/6; Per 100, 10/6; Per 1000, 94/6.

CORONARIA "BLUE BONNET"

In all respects "Claremont Blue Bonnet" is the equal of and a fitting companion to our celebrated "Claremont Scarlet Emperor." The flowers are of the GIANT SINGLE type, often up to 6½ inches in diameter, and are borne on stout stiff stems up to two feet high. COLOR BRILLIANT BLUE.

Per Dozen, 1/-; Per 100, 7/-; Per 1000, 63/-.

CORONARIA "ROSE OF CLAREMONT"

The giant single flowered Anemone of a delightful shade of lavender rose. When first open, the flowers are slightly suffused with a deeper tone on edge of petals. The flower stems are strong and wiry and carry the flowers well above the foliage of the plant.

Per Dozen, 1/-; Per 100, 7/-; Per 1000, 63/-.

CORONARIA "SCARLET EMPEROR"

An outstanding Anemone of the Giant Single Flowered type. The vivid scarlet flowers, often up to 6½ inches in diameter, are borne in profusion on long, clean stems reaching as far as two feet above the foliage. Since we first introduced "Claremont Scarlet Emperor" the strain has had constant reselection and now is the acme of perfection.

Per Dozen, 1/-; Per 100, 7/-; Per 1000, 63/-.

PANSY

"Claremont" Special Exhibition Strain

The Finest Pansy in cultivation saved only from the largest and best shaped flowers of the richest colors. It is impossible to convey an adequate idea of the delightful variations in color and marking of the very handsome flowers produced by our unrivalled strain. Continued success on the Show Benches is being achieved where flowers of this strain are exhibited.

Seed, 3/6 per Packet.

STOCK

"CLAREMONT" GIANT PERFECTION MIXED.

A wonderfully choice range of the largest flowering Perfection Stocks. Only the finest and most distinct colors and largest flowered types are included in this mixture. The strong branching plants grow to a height of 15 to 18 inches and produce very large flowers, a remarkable percentage of which are of fully double form. No better Stock can be grown for show purposes than "CLAREMONT" GIANT PERFECTION.

Packets, 2/6.

Lupins, "Claremont" Imperial Hybrids.

CINERARIA Hybrida Grandiflora "Claremont" Marvel Strain

CHOICE RICH COLORS MIXED.

A first class strain of sterling merit. The flowers are of perfect form, large size, and great substance, rendering it, without a doubt, one of the finest strains in existence, the habit being extremely robust and compact.

Packets, 2/6 each.

LUPINS "CLAREMONT" IMPERIAL HYBRIDS

Perennial Lupins lend a graceful dignity to the artistic effect of any garden. "Claremont" Imperial Hybrids mixed is, without a doubt, the finest yet offered. Tall growing and elegant in appearance, the plants show off their massive heads to perfection. The extensive color range embraces red, purple, pink, buff, yellow, lavender, white, and various shades incidental to these colors, together with some very fine two-toned effects. Robust in growth and sweetly perfumed.

Cultural details in each packet.

Seed Packets, 1/6 each.

DELPHINIUM "CLAREMONT" HYBRIDS

The extraordinary length and tapering spiral shape of the flowering spikes and the statuesque beauty of the plants as a whole, combined with the indescribably rich and varied colorings, and the truly remarkable extension of the flowering period, places the "Claremont" strain of Delphiniums in a class apart. The color range is exceptionally fine, embracing all the best of Delphinium shades ranging from delicate sky-blue, rosy mauve, lustrous satin pink, cornflower blue through dual tones and brilliant blues to rich rosy purple and dark navy blue.

Seed Packets, 2/6 each

Delphinium "Claremont" Hybrids.

(Reproduction of natural color photograph)

SCHIZANTHUS

STINTON'S LARGE FLOWERED HYBRIDS

A superlative mixture and a great advance on anything hitherto available. Brightest roses, apple-blossom pinks, salmons, rosy crimsons, deep violet purples and many indescribable variations make a riot of color almost unbelievable. The flowers are beautified by an exceptionally heavy gold veining. Apart from the wide and distinct color range the chief features of this new strain are the robust and free flowering propensities of the plants combined with the colossal size of the individual blooms.

Packets, 2/6 each.

AQUILEGIA "CLAREMONT" MIXED

(Long Spurred)

This strain is the result of many years selection. We have endeavoured to eliminate all washy tints from the mixture and to develop the bright rose, scarlet, blue, orange and other tones.

The lack of vivid blue shades, so often a bad feature in Aquilegia mixtures, has been surmounted by growing blues separately and blending them into the mixture after harvesting.

This new strain produces flowers of very large size with broad petals of perfect form and great length of spurs.

Packets, 2/6.

POLYANTHUS

MONARCH MIXED.

To be specially attractive, a strain of Giant Polyanthus requires, in addition to size and colorfulness, the essential attribute of compactness in truss formation.

Monarch mixed is the result of many years of selection, the object of which has been to fix a strain free from objectionable loose headed plants. The flowers are produced from a stiff and strong central stem and the "bunching" may be best judged by the accompanying picture. Strong and vivid colors are in the majority, but soft art shades occur in sufficient number to create a perfect blend of colors.

Packets, 2/6 each.

NEW DOUBLE NASTURTIUMS

DOUBLE MAHOGANY.
FIRE GLEAM.
GOLDEN GLEAM.
GOLDEN GLOBE.
ORANGE GLEAM.

PRIMULA MALACOIDES

"BRILLIANCY"

(Illustrated on Cover)

"Brilliancy" is an introduction from a leading English grower and the raiser describes it as a really bright red variety which flowers very freely. The plants are compact and like all other Primulas of the Malacoides section are quite hardy for outdoor cultivation, in addition to their value as pot grown subjects.

Packets, 2/6 each.

RUSSELL LUPINS

(Gold Medal Royal Horticultural Society of England.)

This new strain of Perennial Lupins has, as is now widely known, caused a sensation in Horticultural circles. It is the most outstanding introduction of many years. The long, closely furnished spikes, flower in a great variety of rich colors—deep yellows, oranges, reds and brilliant bi-colors never seen in Lupins before. The florets are large with flat fan-like back standards, and unlike all other lupins, most of the spikes retain their florets throughout the whole period of development.

25 seeds, 1/6; 50 seeds, 2/9; 100 seeds, 5/-.

CULTURAL DETAILS IN EACH PACKET.

CALENDULA

Double Art Shades (Improved)

This is a new color selection from the popular Double Art Shades mixture. The colors have been intensified and the range widely increased. These features combined with freely produced gigantic flowers, make this strain of Calendulas outstanding for bedding purposes and excellent for cut flowers.

Packets, 1/- each.

WINTER FLOWERING SWEET PEAS

Burpee's world famous early flowering Giant Spencer Sweet Peas.

Winners of many Gold and Silver Medals, Certificates of Merit and other awards at the leading flower shows, Burpee's Sweet Peas are world famous. In selecting them for your garden, you will have the assurance of having the best. All the varieties offered are revelations of beauty. Every one is superb—the finest in its class, large flowered, well formed, long stemmed and free flowering.

NOVELTIES

MARINER—Clear marine blue with scarcely a hint of mauve, large flowers, long stems.

RED MAN—Rich deep crimson with lovely iridescent ruby red shadings in the highlights, suffused bronze near edges.

PINK WONDER—The best of the salmon pink varieties on white ground. Very vigorous.

SHIRLEY TEMPLE—Charming shade of soft rose pink. Flowers are quite large, dainty frilled, and borne on long strong stems. Sure to become popular.

VALENCIA—Bright orange. Striking.

GREETING—Clear lavender—a lovely color.

PACKETS, 1/- EACH.

SPECIAL OFFER, A5—ONE PACKET OF EACH NOVELTY, 5/-.

GENERAL LIST

AMERICAN BEAUTY—Glowing crimson color of the American Beauty Rose.

BALL'S ORANGE—Glistening orange.

BALL'S ROSE—Deep pink suffused rich rose.

BLUE BONNET—Clear deep blue.

BOY BLUE—Dark navy blue without any trace of maroon.

BURPEE'S GIANT PINK—Magnificent clear rose-pink.

BURPEE'S LAVENDER—A magnificent variety of strong growth with lovely light Wisteria lavender blooms. Really good both for garden decoration and exhibition. Awarded three certificates.
